

# Crew Sock Template

- - - - Recommended Logo Placement

## PRE-PRESS INFORMATION

1. To avoid additional charges, please provide your artwork ready to print.

2. If you are providing Bitmap images (i.e. JPG, TIF, PSD) provide any vector portions separately and we will combine them for the best result. Bitmaps should be 300 DPI at actual printing size. We can accept 150 DPI absolute minimum, however it is considered below standard spec and is at your risk.

3. Product is printed using Dye Sublimation process. Please specify any color information using Pantone Type C numbers and we will match as close as possible.

4. Convert all text to curves or outlines.

5. Halftones are OK.

6. Text less than 10 points may not be readable.

**Note: This template is done "Actual Size" on an 17x11 Page. If you would like to print it actual size, please set your Print Properties to: Page Scaling: None**
